Application for Data Scientist

Dear Hiring Manager,

I am interested in the Data Scientist position currently available at Northwestern Mutual. My educational background, work experience and continuous learning have provided me with a unique set of skills applicable to multiple Data Science domains. I can streamline the gathering, cleaning, modeling, analysis and visualization of large amounts of data to make appropriate business decisions. Furthermore, due to my research background and analytical skills, I can adapt machine learning algorithms to the specific needs of your organization.

I am very experienced with R and Python, and several of its libraries and frameworks. I am also experienced with multiple statistical and machine learning techniques to build descriptive and predictive models; and, as a visual person, I can handle several tools to create visualizations to tell compelling stories with data.

Thank you for your consideration. I am looking forward to hearing from you.

Sincerely,

Carlos Felipe Alcala Perez
